Fit for purpose

Avonvale
carpets

“ A friendly and efficient organisation. Consistently high levels of service. Highly recommended.”

Duty

Any type of flooring, in any kind of business, has an important duty to perform. With Avonvale Carpets you can rest assured that it'll do the job right.

Footfall might be high, safety can be paramount, hygiene critical – whatever demands your business faces, we'll provide you with the flooring that works.

Care

In a public space or private office, your flooring, like any other business asset, needs looking after. The amount of care it takes though, can't be an unacceptable drain on resources.

The cleaning and maintenance of your flooring needs to be an efficient process and it will be, by making the right product choice.

Carpets or carpet tiles, vinyl sheet or vinyl tiles, anti-slip safety or rubber – we'll help you choose the perfect flooring.

Attention

And even though it's under foot, the amount of attention your flooring attracts – the way it looks and feels – just can't be overlooked.

Brand identity for any business is key and it's not just about a logo, colour or typeface, flooring too has a visual function and a crucial role to play.

Immediate customer perceptions, long-term pride in the workplace, supplier confidence – they can all be influenced by it. Flooring says a lot about a business.

With more than 70 years hands-on experience, Avonvale will find you that perfect blend of function and style. Flooring that works hard, flooring that's in keeping with your business.

The right choice

“ The Avonvale team was reliable, professional and helpful. They really went that extra mile to ensure the work was completed on a tight schedule and within budget. Will use again.”

In step

We're a business too, so we recognise the importance of understanding how a company operates and proposing a way of working that minimises disruption in the workplace.

It's rare that a business is able to stop to install new flooring, customers won't wait, why should they? And staff need somewhere to work after all. So we'll work discretely and quietly, at your convenience.

And if a clear window of opportunity arises, then we'll take it. Night-time working, weekend working, a summer shutdown, we'll find a time that suits you and get it done on time.

On budget

So new flooring doesn't happen all the time. You want it to be right of course, but as with any capital expenditure, cost can be a concern and value for money vitally important.

That's where our in-depth experience and expertise comes into play. You want to marry durability and style with the budget available and we know how to do it – what works and what doesn't.

We'll recommend the flooring options that work best for your business, those that look better for longer, those that help reduce wastage and cost. Return on investment matters.

All-in-one

Important as it is, helping you choose the perfect flooring for your business is only a part of the comprehensive service Avonvale provides. From initial specification to final inspection we'll be there to guide you.

We provide professional estimates and measurements, expert consultations and advice. Written quotes, product samples, site visits – freely available, always.

And perfect fitting is more than just stretching, cutting to size, gripper rods and adhesives, it's everything else besides. If old flooring needs lifting and disposal we'll do it. If floors need levelling or repair, or doors need easing, we'll do that too.

What's more, we don't leave a job until it's perfect. Cleaning and vacuuming, all the off-cuts taken away. We're not happy until we know you will be. Everything you need, all-in-one.

At your service

“ I just wanted to pass on my thanks for doing such a good job. The office looks great and you made it all so easy for us. I've no doubt we'll contact you again!”

Choice

Serving the Bath and Wiltshire area for more than 40 years, Avonvale Carpets brings you an unrivalled choice of quality flooring for business.

And life-long relationships with quality carpet manufacturers and distributors means that we're always at the forefront of the latest trends in flooring design and technology.

A founding member of Carpet 1st, one of the UK's leading flooring buying groups, Avonvale is also able to offer you carpet ranges at competitive prices direct from the manufacturer.

Expertise

Privately owned by Paul Ivory and Jim Ironside, Avonvale Carpets brings your business more than 70 years hands-on experience of all types of quality flooring and satisfying the needs of all kinds of commercial customers.

Time spent working in traditional department stores gave Paul and Jim a solid grounding in the carpet trade, teaching them the prime necessity of absolute integrity and excellent customer service.

It's a vital philosophy that lies at the very heart of Avonvale. Amy and James, now follow in their fathers' footsteps, making us a second-generation family-run business with a keen eye on the future.

We won't let you down.

Guaranteed

While buying new flooring for your business is an occasional purchase, it's a big investment all the same. That's why our service is backed by our personal guarantee:

- We will always treat you properly, listen to you and give you the correct and most appropriate new flooring advice.
- The work of our fitters is assured for the lifetime of the carpet or vinyl flooring under normal conditions of use.
- In the unlikely event of a fitting error, we will replace the flooring, provided it is fitted by us in line with manufacturers' requirements.
- Our manufacturing partners will work with us to remedy any problems due to the manufacture of the flooring with a minimum of fuss.

Your business has our personal guarantee. Get in touch with Avonvale Carpets.
