

# Pimp My Payslip

*We've pimped  
your payslip!*

Say hello to your brand new, digital e-payslips which will land in your inbox very soon. They're much better than the paper ones, plus they're kinder on trees too. Here's what you can do with your new e-payslip:

- View it on your mobile, or iPad, or laptop. *Anywhere really.*
- Receive it before payday – *but not your cash. Sorry.*
- Keep all payslips in one secure place – *so you won't lose any behind the sofa.*
- Print them easily – *but only if you must.*
- See future P60s – *the taxman will love you!*
- Get updates and great offers that are relevant to you - *but no spam.*  
*We're a vegetarian retailer, after all.*

One more thing – we'll need your most up-to-date email address so we can send you your new payslip. Please log into PulsePeople, click on 'Current Colleagues', click on your name, update your email address and submit. Simple!
