We Are In Home Care

We are In Home Care, a Domiciliary Care Agency with one purpose – to provide care and support to the elderly and disabled from the comfort of their home.

We know choosing the right care is a big decision and, for many, the worry of being moved to a nursing home is scary. We take those fears away because In Home Care is one of only 3% of domiciliary companies nationwide with a CQC 'Outstanding' rating*. This means you can rely on us to help you continue living a high-quality, independent life from your own home.

We assign trained carers solely to you, which means you'll see the same happy, smiling faces every day. This helps to develop a genuine, trusting relationship between you and your carers, helping to support you through the more difficult days.

So, whether you or your loved one needs:

- » **Hourly Care**
- » **Overnight Care, or**
- » **Live-in Care**

Or is an adult aged 18 and above and suffers from a:

- » **Physical, or**
- » **Mental disability**

We guarantee complete peace of mind day and night.

Client Testimonials

If you're still unsure if In Home Care is right for you or your loved one, here's what delighted clients have said about the standard of support we offer:

I am so delighted by the care my mum is receiving from the team at In Home Care. Everyone is so kind and considerate and work together with the family to find the best way to support my mum. Everyone works hard to make sure mum is cared for and that she feels safe whilst ensuring dignity at all times, and should I need any further support, they are there at the end of the phone or in person to help me as well. I could not recommend them enough.
